Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one wayte core deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous liming of the Easthorian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be desiroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be ored by Hall's Catarrh Cure. Sond for circulars, free.
